**K. Public Officer's Law Requirements**

All Bidders and their employees must be aware of and comply with the requirements of the New York State Public Officers Law, and all other appropriate provisions of New York State Law and all resultant codes, rules and regulations from State laws establishing the standards for business and professional activities of State employees and governing the conduct of employees of firms, associations and corporations in business with the State, and for applicable Federal laws and regulations of similar intent. In signing the proposal, each Bidder guarantees knowledge and full compliance with those provisions for any dealings, transactions, sales, contracts, services, offers, relationships, etc. involving the State and/or State employees. Failure to comply with those provisions may result in disqualification from the bidding process and in other civil or criminal proceedings as may be required or permitted by law. Public Officers' Law § 73 bars former State officers and employees from appearing, practicing, or rendering any services for compensation in relation to any matter before their former State agency for a period of two years from their date of termination. **L. Omnibus Procurement Act**

It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as bidders, subcontractors, and suppliers on its procurement contracts.

website: <http://esd.ny.gov/MWBE/directorySearch.html>

**M. Contract Execution**

Awards are not final and the resultant contract is not considered executed and binding until approved by the New York State's Attorney General and Office of State Comptroller (OSC).

**N. Vendor Responsibility Questionnaire**

State agencies are required under State Finance Law § 163 (3) (a) (ii), to ensure that contracts are awarded to responsible vendors. Such requirements include, but are not limited to, the Bidder's qualifications, financial stability, and integrity. The Vendor Responsibility Questionnaire is required for contracts \$100,000 and over. OPWDD will require a complete Vendor Responsibility Questionnaire with your bid proposal if the contract resulting from this procurement is valued at \$100,000 and over. Vendors/not-for-profit provider agencies are able to file the Vendor Responsibility Questionnaire (VRQ) online via the New York State VendRep System or may choose to complete and submit a paper questionnaire. To enroll in and use the New York State VendRep System, see the [www.osc.state.ny.us/vendrep](http://www.osc.state.ny.us/vendrep).

**O. Health Information Portability and Accountability Act (HIPAA)**

The Federal Department of Health and Human Services (HHS) established HIPAA Standards for Privacy of Individually Identifiable Health Information (The Privacy Rule). The Privacy Rule (45 CFR Part 160 and Subparts A and E of Part 164) provides the first comprehensive federal protection for the privacy of health information. The Privacy Rule is carefully balanced to provide strong privacy protections that do not interfere with patient access to, or the quality of, health care delivery. HIPAA has an impact upon how OPWDD and contractors will deal with protected health information of our consumers. Likewise, State Mental Hygiene Law § 33.13 requires disclosure of clinical records to be limited to that information necessary for health care providers to administer treatment.

**P. General Duties and Additional Responsibilities**

Maintain a level of cooperation with OPWDD necessary for the proper performance of all contractual responsibilities. Agree that no aspect of bidder performance under the Agreement will be contingent upon State personnel, or the availability of State resources, with the exception of all proposed actions of the bidder specifically identified in the Agreement as requiring OPWDD's approval, policy decisions, policy approvals, exceptions stated in the Agreement or the normal cooperation which can be expected in such a contractual relationship or the equipment agreed to by OPWDD as available for the project completion. Cooperate fully with any other contractor that may be engaged by OPWDD. Agree to meet periodically with OPWDD representatives to resolve issues and problems. Recognize and agree that any and all work performed outside the scope of the Agreement or without consent of OPWDD shall be deemed by OPWDD to be gratuitous and not subject to charge by the bidder.

**Q. NYS Information Security Breach and Notification Act (NYS Technology Law, § 208)**

"Contractor shall comply with the provisions of New York State Information Security Breach and Notification Act (General Business Law § 889-aa; State Technology Law § 208).

Contractor's negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor's agents, officers, employees, or subcontractors."

The "New York State Information Security Breach and Notification Act" requires entities that conduct business with New York State and own or license "private" data to notify state residents affected by any security breach that results in unauthorized acquisition of the data. "Private" data is defined as unencrypted computerized information that can identify the individual, combined with one of the following data elements: (a) social security number, (b) driver's license or non-driver identification number" or (c) financial account information such as credit card or debit cards numbers in combination with access codes or PIN numbers. (Private data is considered unencrypted when either identifying information or the data element is not encrypted or is encrypted with a key that has been acquired).

**Should mathematical errors be made by the Bidder when calculating the Grand Total Estimated Combined Cost, the figures for Bid Price per Event for each site, Hourly Rate, and Bidder's Mark-Up % will be used to calculate final bid totals.**

**Alterations to the Cost Proposal Form may result in disqualification. OPWDD reserves the right to reject any and all offers. Only proposals judged to be responsive to the submission requirements set forth in this IFB will be evaluated.**

## Cost Proposal Form

Contractor must bid on every region and all included sites within a region. Failure to bid on all listed sites may disqualify a bid. Alterations to the Cost Proposal Form may result in disqualification. OPWDD reserves the right to reject any and all offers.

### Preventative Maintenance (PM) Pricing

1. Complete **Column A** by recording your bid price per preventative maintenance event for each generator listed.
2. Complete **Column C** by multiplying the bid price in **Column A** by the Events per Year in **Column B** for each generator listed.
3. Add together all totals in **Column C**. Write the sum in **Box D – Total Annual Estimated Preventative Maintenance Cost**

### Labor Rate Pricing

1. Complete **Column E** by recording your hourly labor rates for each category listed.
2. Complete **Column G** by multiplying hourly rates listed in **Column E** by the Estimated Hours Needed listed in **Column F** for each category.
3. Add together all totals in **Column G**. Write the sum in **Box H – Total Annual Estimated Emergency Repair Cost**.

### Parts Cost plus Mark-up

1. Complete **Column J** by recording your proposed Mark-up percentage. *Please note that Mark-up is capped at 20%. All bids over 20% will be reduced to the maximum allowed.*
2. Complete **Column K** by multiplying **Column J** by the Estimated Parts Cost in **Column I**.
3. Add together the figures in **Column I** and **Column K**. Write the sum in **Box L – Total Annual Estimated Parts Cost plus Mark-up**.

### Cost Proposal Calculation Table

1. Write totals from **Box D**, **Box H** and **Box L** on the Cost Proposal Calculations Table.
2. Add together the totals in **Box D**, **Box H** and **Box L**. The sum equals the **Total Estimated Combined Cost**.

**Record all Total Estimated Combined Cost amounts for each region on the Cost Proposal Summary and Signature Page on Page 43 to get the Grand Total Estimated Combined Cost.**

**The Cost Proposal provides estimated labor hours and parts costs. These are estimates only. Payment will be made on actual services rendered.**

**In the event mathematical errors occur, the figures in Column A, Column E, and Column J will be used to calculate final bid totals.**
